

World Masters Hockey

Greetings from WMH Events Committee Chair,

I trust you are well and that your hockey playing community is doing everything possible to stay safe and fit during the pandemic.

While we here at WMH are hugely disappointed not to be able to provide the 2020 World Cups as originally planned (we would be in the midst of the Nottingham event as this is going to press), I wanted to let you know that everything is on track, not only for the outdoor World Cups postponed to 2021, but also for the indoor World Cup, 2022. Please see attached newsletters relating to all four Events.

I am delighted to report that there are currently 61 teams registered for Nottingham, 89 teams registered for Cape Town, and 48 teams registered for Tokyo.

WMH will continue to update you all in due course and look forward to welcoming you and your teams at the respective tournaments in the year(s) to come.

For more information about any of these tournaments please check out the local websites:
